

## VQ's Christie radio now available in walnut & black enamel designs

DAB+ radio now available for man caves and stylish bachelor pads

**7<sup>th</sup> December, 2015** - VQ, the British audio brand known for its fusion of sound and style, today announces the availability of two new designs of Christie – **Christie Veneer** and **Christie Noir**. Now available in a refined walnut veneer and minimalist black enamel designs, this beautifully designed DAB+ radio and NFC/Bluetooth speaker is ideal for stylish bachelor pads and chill out zones.

An ideal Christmas present for men that are notoriously difficult to buy for, this audio system is sure to meet the needs of any spec loving recipient. Christie is a fully loaded digital radio enhanced with Bluetooth/NFC for streaming content, a handy USB port for charging phones/tablets, a range of alarm clock settings and a unique rotating 2.4" LCD display and control panel which enables the Christie to sit in landscape or portrait orientation.

Whether listening to DAB or FM radio, Spotify, Apple Music or Podcasts, the Christie sounds superb with attention to detail at every level. From a real wood chamber that provides a warm and rich audio quality to an external bass port that adds depth and resonance, the new Christie Veneers and Christie Noir are ideal for listening to audio books in bed or house beats at a party. In addition, all physical elements are

perfectly balanced by Digital Sound Processing technology which automatically adjusts bass and treble to give the best sound no matter what the source or however loud music is played.
